Reaching the end of a job interview, the Human Resources Person asked a young Engineer fresh out of MIT, "And what starting salary were you looking for?"
The Engineer said, "In the neighbourhood of $125,000 a year, depending on the benefits package." The interviewer said, "Well, what would you say to a package of 5-weeks vacation, 14 paid holidays, full medical and dental, company matching retirement fund to 50% of salary, and a company car leased every 2 years say, a red Corvette?" The Engineer sat up straight and said, "Wow! Are you kidding?" And the interviewer replied, "Yeah, but you started it."

Two doctors and an HMO manager die and line up together at the Pearly Gates. One doctor steps forward and tells St. Peter, "As a pediatric surgeon, I saved hundreds of children." St. Peter lets him enter. The next doctor says, "As a psychiatrist, I helped thousands of people live better lives." St. Peter tells him to go ahead. The last man says, "I was an HMO manager. I got countless families cost-effective health care." St. Peter replies, "You may enter. But," he adds, "you can only stay for three days. After that, you can go to hell."

A man goed to a primary care physician. After two visits and exhaustive lab tests, he said the man was doing "fairly well" for his age. The man asked the physician, "Do you think I'll live to be 80?" He asked, "Well, do you smoke tobacco or drink beer/wine?" "Oh no," he replied. "I've never done either." Then he asked, "Do you eat rib-eye steaks and barbecued ribs?" He said "No, I've heard that all red meat is very unhealthy!" "Do you spend a lot of time in the sun, like playing golf, sailing, ballooning, or rock climbing ?" "No, I don't," He said.
He said, "Do you gamble, drive fast cars, or sexually fool around?" "No," I said. "I've never done any of those things."
He looked at me and said, "Then why do you give a shit if you live to be 80?"
